EREA has zero tolerance for child abuse and regards its child protection responsibilities with the utmost importance. EREA is committed to providing the necessary resources to ensure compliance with all relevant child protection laws and regulations, and to maintaining a child safe culture.

Principles: This policy is based on the EREA Charter and underpinned by EREA core values. The following principles guide the development and regular review of our work systems, practices, policies and procedures to protect children from abuse:

1. All children have the right to be safe.
2. The welfare and best interests of the child are paramount.
3. The views of the child and a child's privacy must be respected.
4. Clear expectations for appropriate behaviour with children are established in the EREA Child Safety Code of Conduct within the EREA Code of Conduct.
5. The safety of children is dependent upon the existence of a child safe culture.
6. Procedures are in place to screen all staff, Direct Contact Volunteers, Third Party Contractors and External Education Providers who have direct contact with children.
7. Child safety and protection is everyone's responsibility.
8. Child protection training is mandatory for all workers as required by legislation.
9. Procedures for responding to alleged or suspected incidents of child abuse are simple and accessible.
10. Children from culturally or linguistically diverse backgrounds have the right to special care and support including those who identify as Aboriginal or Torres Strait Islander.
11. Children who have any kind of disability have the right to special care and support.

Policy Statement: Child abuse includes sexual offences, grooming, physical violence, serious emotional or psychological harm, serious neglect and a child's exposure to family violence. EREA is committed to the protection of all children from all forms of child abuse and demonstrates this commitment through the implementation of a comprehensive Child Protection Program designed to keep children safe.

The purpose of this policy is to provide the overall framework for child protection within EREA. Specifically, the policy provides a statement of the overall goals of EREA to protect all children in the EREA network and keep them free from harm.
