Vol 32, No 14—15 May 2019

## Deputy Principal

Dear Parents, Students, Staff and Friends of St Patrick's College,

### From the Deputy Principal – Damian Chase

Last night I presented at the Parents' and Friends' forum on gaming and technology. The forum gave parents and carers some facts and figures regarding the use of gaming and technology and how it affects sleep. As well as with some strategies to help limit and control the use of technology. The e-safety commissioner's website offers parents a great resource to use. I would like to go through some tips that I spoke about last night.

Our children need boundaries for technology use. According to the American Heart Association, children between ages 8 and 18 spend more than seven hours per day looking at a screen. According to that Association's website, "too much screen time has been tied to poor sleep quality and poorer reading and social skills. Research is also starting to link screen time habits with certain health problems". Some families try to prevent this by only allowing their children to play the console on weekends and limit time on the mobile devices once they are home. Each family needs to come up with their agreed boundaries and outcomes. Involving your son in this discussion provides an opportunity for him to have a voice and some say in the negotiated outcome. Consequences for not switching off should be enforced. I know some families after the first incident take the device for a short time period, and then on the second offence, the device is taken for a number of days, and so on.

But what about the excuse, "I need my device to complete my homework"? For younger students, homework should be completed in the family room or other communal space for a certain period of time. Have a look at the College diary, see what he needs and give him a time limit for his computer use. Once he has completed this the device goes away.

Have device free zones and times. For children, a device free zone should be their bedroom. The bedroom is one place where there is less direct supervision and boys can potentially use devices late into the night. Consider banning technology after dinner, except perhaps for older children completing homework. This is a good time for relaxation and quality family time, not Fortnite or Instagram. Furthermore, sufficient sleep is hugely important for growing adolescent boys. They need a lot of sleep to cope throughout the day. Avoid using technology just before bed (or worse, in bed) as the blue light the device emits stimulates the brain and it takes longer for a person to go to sleep.

Set a good example. Device free zones and times should apply to all members of the family. I know I need to be a better example in this regard and get off the phone at home. Consider replacing some screen time with exercise or at least time outside. Exercise should be a part of every family's routine. It provides a great break away from screens to think or meditate and take your mind off work.

Technology is all around us but we and our children need to have limits; we cannot live our lives through Instagram or Facebook. It doesn't matter how many friends we have online or how many likes we receive after posting our "gram worthy" breakfast if we don't have meaningful friendships and connections with people, or if our health suffers. Technology has its place in our lives but we cannot let it become everything. As a parent you can use tools on the phone to help manage access. See the new parent portal (which was launched last week) for some useful sites to help set up on your children's phones and devices.

Thank you to the families who have signed up to the portal. The system is live and you can check things such as daily notices and your son's timetable. You can email a teacher directly from this site, you can check reports, absences and other important documents. We will provide more information about the portal in the coming months. Our current system "SOLE", will be decommissioned by the end of this year.

In recent Newsletter articles, we have written about the importance of maintaining neighbourly relationships with those residences close to the College. I was somewhat disturbed to receive a complaint from a neighbour last week, whose car had been hit by another car, probably driven by a parent of the College. Apparently, the person did not leave their number and drove off. This is not the first time we have had incidents such as this reported to us in the last six months. I respectfully ask that parents please do the right thing...

*Live Jesus in our Hearts, Forever.*

Damian Chase  
Deputy Principal

## PUPIL FREE DAY

As per the College Calendar you are reminded that **Tuesday 11 June** (following the long weekend) is a Pupil Free Day as it is a Staff Development Day.

## YEAR 11 PARENT/TEACHER INTERVIEWS

Parent/Teacher interviews for Year 11 students will take place on **Tuesday 4 June**. The Edval Interview Booking system will be used again this year. Parents will be sent details via email regarding the booking of interviews in the coming days.

## JUNIOR SCHOOL

This week of course our Year 5 students sit for NAPLAN, as do students in Years 7 and 9. We wish our boys all the best for these examinations.

I really like and appreciate the excellent information NAPLAN gives us about a student's performance in literacy and numeracy at a point in time. It is a diagnostic tool that gives us a snapshot of what they can already do and what we still need to teach them. As results are reported on the same scale from Year 3 through to Year 9, we can see how they are growing over time. It is a very useful part of our overall assessment program. You can find information and videos on the NAP website if you would like to dig down more deeply into what NAPLAN can tell you about your child <https://www.nap.edu.au/results-and-reports/how-to-interpret>.

However, as I like to emphasise each year, while NAPLAN can tell us a lot, there is so much it cannot tell us. For instance, it does not show that your son is a talented footballer, a LEGO genius, a thoughtful sibling, an expressive artist, a good mate, a resilient worker in class, a speedy tree climber – you get the point. We must keep things in perspective and not try to turn NAPLAN into something it is not and cannot be. NAPLAN helps us to be more precise in teaching your son and to track his progress, and that is its intention. Please be sure your son knows it is not a high-stakes event and that it doesn't pass judgement on his value as a person.

God bless,

**Ben Munday**—Director of Junior School

## JUNIOR SCHOOL SPORT

The winter season is well underway, and the Junior School has had a very positive start overall. Many teams have had strong wins in the first 2 rounds, while those that have lost have been close to their opposition scores.

I would encourage everyone to continue to check the Junior School fixtures page on Team App for updated times and venues, as well as encouraging the boys to note in their diaries their fixtures from the notices in the classroom.

For many of us, sport is all about getting out with mates, playing in a team and working hard together to achieve a common goal. For others, it's about pushing themselves and challenging growth in a singular environment in sports like Tennis, Swimming and Athletics where the individual is key. Lucas Martin of 6 Green, is one such student who has taken on the challenge that Tennis provides and he is *loving* it.

Recently Lucas travelled to Inverell to compete for the NSW CIS team. The team won a silver medal, losing a close final against the MacKillop team. Lucas, had an outstanding tournament. Losing only one match the entire week and displaying excellent sportsmanship and fair play. All this combined saw him selected into the state team, 1 of only 7 boys to be selected for New South Wales. He will travel to Perth to compete in the National competition in early October.

Our swimmers too, have continued their journeys, representing NSW CIS. Our relay team managed to improve on their qualifying time and push hard through water. Unfortunately, the relay team was unable to progress past the PSSA Carnival. Congratulations to Nicholas Macher of 6 Gold who was selected to represent the State in 50m freestyle, 100m breaststroke and relays. This is Nicholas' second time in the state team.

**John Locke**—Junior School Coordinator of Co-curricular

## JUNIOR SCHOOL PHOTO DAY

Junior School and prefect photos will take place on Friday 31 May. Any Senior student who was absent on Monday 13 May or those that missed taking their family photo will also have these taken on this day. Family photo envelopes are available from reception.

## UNIFORM SHOP NOTICE

We have a new procedure of credit card payment at the Uniform Shop. If you wish your son to make a purchase with a credit card, please print and complete the 'Uniform Shop Credit Card Form' on the Uniform Shop website and return it to the College Uniform Shop with your son or via the provided email address.

The link to the website is <https://www.spc.nsw.edu.au/about/uniform-shop/>

This will save you time in calling the uniform shop when your son is purchasing with a credit card. However please feel free to call the Uniform Shop at any time if you have any enquiries.

### ITEMS NOW IN STOCK

- SPC Black Caps
- SPC Woollen Scarves
- Long Sleeve Blue Shirts

## RETURN AND EARN @ SPC

This week marks one year since the implementation of the Return and Earn scheme at SPC. 2018 Sustainability prefect, Liam Vane-Tempest, brought this idea to life last year and 2019 prefect, Edward Carrall, expanded it at the end of last year. In the year that this initiative has been in place, we have seen a staggering 10,854 items recycled as a part of the scheme. This is an excellent effort and all students are encouraged to get involved and recycle.

Remember that the bottles and cans which are recycled contribute to College Cup points. This means that any bottles, cans or even Up & Gos that you have at school can count, as long as they have the "10c Refund" symbol, so make sure that you get them into your House bin! The Return and Earn stations are located in the Junior School Yard, Crossan Stand and outside the Bangawarra Room.

**Matthew Herro**—Justice and Peace Coordinator

## BUS ROUTE CHANGE

Please note route **593s** Haberfield to St Patrick's Strathfield is changing to the below times to commence on Monday 3 June 2019.

Haberfield Shops	7.27
Rodd Point	7.40
Five Dock Shops	7.39
Burwood Station (Railway Pd	7.55
Santa Sabina Strathfield	8.02
St Patrick's	8.10

## CURRICULUM

**Year 10 Examination Block**—The Year 10 Examination Block commences next week, Monday 20 May and concludes Thursday 23 May. The assessments are written examinations.

The Examination Block timetable is available on *Canvas* and the boys are reminded to note dates and times of their examinations. Boys are also reminded to thoroughly familiarise themselves with the College's *Assessment Policy* and *Examination Rules* posted on *Canvas* at the beginning of the school year. Ignorance of the College's *Assessment Policy* or *Examination Rules* will not constitute a valid excuse and penalties will be incurred for breaches of policy or procedures.

In particular, in the event of absenteeism due to illness or misadventure during the Examination Block, parents and boys are reminded that a telephone call to the Year 10 Coordinator, Ms Hickson, must be made prior to 9.00am on the day of the examination. Where possible, the missed examination or a substitute will be arranged within the Examination Block period. Immediately on the boy's return to school, a medical certificate for the illness/misadventure must be given to the relevant Studies Coordinator.

**Michael Cutrupi—Director of Curriculum**

## WELLBEING

An interesting report from the ABC over the weekend was brought to my attention earlier in the week. It dealt with the recent growth of the unwelcome social media phenomenon called 'cyber flashing', the anonymous distribution of explicit and/or abusive images to strangers through iPhones. The report indicates that, "Cyber flashing has become prevalent in schools and in public places, with the iPhone's AirDrop feature being exploited to share unsolicited pornographic and offensive images, among both children and adults.

The article outlines the difficulties of tracing and investigating the actions of others but emphasizes that reporting it is important for authorities. There is the recommendation that to minimise being targeted individuals set their AirDrop settings from public to private, allowing only their contacts to share files. Paul Litherland, a former police officer with the technology crime unit, explains in the article that the best way for parents to protect their kids from cyber flashing was to talk to them about it.

"A lot of these younger students who have quite technical devices may not even understand how that image got on to their phone.... My evidence is a lot of the children under the age of 14 or 15 won't tell their parents. I tell parents about the importance of walking through these issues with your kids so if something does go wrong and they do get cyber flashed, they're going to have conversations with mum and dad. That will go a long way in minimising the impact that such an image might have on them." For those wishing to read the full article please click on the link provided below:

<https://www.abc.net.au/news/2019-05-12/cyber-flashing-porn-sent-to-iphones-using-airdrop/11092974>

**Robert Simpson—Director of Wellbeing**

## HSC MINIMUM STANDARDS TESTING—YEAR 10 2019

The current Year 10 cohort are expected to demonstrate achievement of the HSC Minimum Standards in Reading, Writing and Numeracy by completing three online tests set by NESA. From 2018, achievement of the minimum standard is no longer tied to NAPLAN and instead must be demonstrated through achieving a Level 3 or 4 on a separate set of short online examinations.

Today at their PCP meeting, I briefed Year 10 students on the tests themselves, how we will support their preparation, and when the tests will be administered. A link to this presentation is provided [here](#) for parents.

Over the next few weeks, teachers will provide an overview of and practice questions for the Reading and Numeracy tasks. In addition, in Weeks 5 and 6 during English classes we will run a series of targeted lessons focusing on Writing for the Minimum Standard Tests. This will include the opportunity to examine and produce writing samples in line with NESA expectations.

All students will sit the NESA tests online during Week 8 this term. Students who do not demonstrate achievement of the standards with this first opportunity will receive additional targeted support in Term 3, with another opportunity to sit the online tests in Term 4. Please consult the NESA website for further information about the [HSC Minimum Standards Tests](#) or [What to Expect in the Tests](#). Parents are also welcome to contact me here at the College should you have any queries or concerns about the process.

**Denise Lombardo—Director of Learning and Innovation**

## SUPPORTER'S DUTY

A reminder that **Years 5, 6 and 9** have been designated supporter's duty on **Saturday 18 May**. All boys are to report to the Powell Pavilion between 1.00 and 1.15pm to have their names marked off. Once this has been completed, boys will move to the back ovals to support the College 1<sup>st</sup> XI and await further instructions. Boys will be dismissed at the conclusion of the 1<sup>st</sup> XV game, approximate time is 4.50pm.

## DRAMA... DRAMA... DRAMA

There has been a lot going on in Drama this year. Many of us have joined the SPC Theatre Club again. Every year we see a wide range of plays, so far we have seen an all-female play about football and last week we went to see Hugo Weaving in "Cat on a Hot Tin Roof". Both plays have been really good but the highlight for us was definitely getting to meet Hugo after the show.

Also, on Monday night the Year 9 and 10 Intermediate Theatresports team competed in the *Impro Australia Schools Challenge*. Theatresports is about putting our improvisation skills into play in games that have set rules, competing against other teams. Besides being a lot of fun and building our teamwork skills, another great thing about this competition is it brings together all schools, GPS, CAS, ISA and Public Schools, we are able to meet new people from a range of places. The Intermediate team competed at Sydney Grammar and were successful in making it through to the semi finals!

Tonight the Senior team will compete at PLC Croydon at 7.00pm, come along and support us!

**Liam Brookes and Christian Habib—Year 10 Drama**

**LAST CALL FOR BBG TICKETS—SALES CLOSE 16 MAY 19**

**CO-CURRICULAR PROGRAM—SUPPORT FOR ELITE STUDENTS**

The College has become increasingly aware of the growing external demands placed on our students who are engaged in elite programs in the fields of sport and the performing arts. Managing these demands along with the pre-agreed terms of the College's Co-curricular expectations can be difficult at times. Given that, parents and boys are advised that the College will put measures in place for those students that have been identified as elite participants in their chosen areas.

While there is no doubting the benefits the College community can derive from our students participating in external elite programs, processing individual requests with, at times, subjective criteria can be challenging. To that end, I offer the following guidelines.

**First Tier:** If a request for leave is presented to me in advance, students who are selected to represent at **State or National levels in sport or in the Sydney Youth Orchestra**, wherever possible, will continue to be granted leave from representing the College should a clash occur with training and or fixtures/performances. Parents are kindly asked to forward supporting documentation with their written/emailed requests. Those families requesting exemption from the regular school week are asked to send their request to Mr Simpson our Director of Wellbeing, with sufficient notice.

**Second Tier: Valid to boys participating in two (2) or more full College Co-curricular activities per year, e.g. Athletics and Cross Country count as one full Co-curricular activity.**

Allowances may also be made for students engaged at recognised **Club Representative levels, examples of which include, but are not limited to:**

- Rugby League - Harold Matthews Cup
- AFL - Swans and Giants Academies
- Football - NPL 1 and NPL 2
- Basketball - Metro Junior League Division1 and 2

These allowances apply to students seeking early release time from their first scheduled College training/practice session of the week. Ordinarily, these students will be permitted to leave half way through the session if they have an external Club Representative training session that afternoon. These students may also seek to swap their winter Supporter's duty for another date should it clash with their external representative fixture. Parents seeking this type of leave are to forward their request to Mr Calavassy [Head of Secondary Sport], Mr Locke [Junior School Co-ordinator of Co-curricular] or me and await an approval. Parents are kindly asked to forward supporting documentation with their written/emailed requests. **It is important to note that leave will not be granted from attending the College's fixture/performance nor does this allowance apply to those students selected in the "Firsts or Seconds".**

**Steve Fochesato—Director of Co-curricular**

**RECONCILIATION ROUND OF SPORT—18 MAY**

This Saturday the College will hold its annual Reconciliation Round of Sport. This is the closest home game to Reconciliation Week (27 May – 3 June) and a big day at the College. The First XV & 16A Rugby, First XI Football and First IV Tennis teams will all wear the College's Aboriginal Strip, and all teams including Junior School, Cross Country and Debating will acknowledge country and pay our respects to the elders, while also acknowledging the importance of the process of reconciliation between Aboriginal and non-Aboriginal Australians. We look forward to seeing many of you at the College on Saturday and hope you join us in our pursuit of authentic relationship with the First Australians.

**Gillian Daley—Director of Identity**

**WINTER SPORT BBQS**

This Saturday will be a big day at the College with Years 5, 6 and 9 on Supporters' Duty and the College hosting all sports. There will be two BBQs running all day – at Powell Pavilion and next to Breen Oval. You will be able to purchase hot foods, drinks, chips, chocolate, lollies and more. Please support the fundraising for the Cricket Tour and enjoy some great food on the day – you will need cash (and we would appreciate denominations smaller than \$50). Thank-you.

## HEAD OF SECONDARY SPORT

I wish to remind parents and boys of the College's expectations in relation to Saturday fixtures and attendance:

- Students are to wear the correct SPC playing attire for their respective sports. In the instance of cold weather students are to wear the College tracksuit when travelling to or from the ground. An alternative would be to wear full Winter College uniform (NOT a combination of both).
- Students should arrive at the venue and be ready for the warm-up half an hour prior to the scheduled start time. I would encourage all students to arrive one hour before to clap on the team before. This builds school spirit.
- Venue addresses can be found on the College website or Team App as "hyperlinks" when listed on the Senior School Fixtures document. It is important to give yourself enough travel time factoring in Saturday traffic.
- All boys are to bring their own water bottle clearly marked with their name.
- All injuries sustained on game days must be reported to the Coach.
- It is expected that if a student is unable to play due to injury, he will attend his team's Saturday fixture in a supportive role as a way of fulfilling his co-curricular commitment.

All parents and boys are reminded to follow closely the Sporting Code of Conduct included in the College diary. Bad language and verbal abuse will not be tolerated. Barracking should be enthusiastic, but never belittling. Neither should it be provocative nor designed to upset our opponents or encourage rough or foul play. Negative cheering is not allowed. Good play should be recognised, whether by our own school or by our opponents. The referee's decision must be accepted without negative response from the players, coaches or spectators.

In short, our behaviour, actions and the uniform we wear on and off the field must be impeccable.

**Anthony Calavassy — Head of Secondary Sport**

## DEBATING NEWS

The 2019 debating competition is underway and the boys have had a strong start to the season. We drew 6 – 6 against St Greg's Campbelltown in the first round and had a very strong 8 – 4 showing against local rival Rosebank last Friday. Currently, we have four undefeated teams: 7A, 7B, 8B and 10B. This Friday, we are hosting our first home round against St Ursula's. We invite all community members to join us in support of our keen orators. Prayer, led by the Captain of Debating Edward Carrall, will be at 6.30pm with debates commencing at approximately 7.30pm. Student supporters are reminded that they must wear their Winter College uniform.

Two of the three remaining debates for the main round include Friday 24 May at home against St. Pat's Campbelltown and Friday 31 May vs St Ursula's away. We also encourage you to save the date for the always exciting Debate of Origin, Wednesday 12 June, versus Santa Sabina and hosted here at St Patrick's – not to be missed!

The debating fraternity at St Patrick's is also in need of additional trained adjudicators for this season. If you, or someone you know, is a trained CSDA adjudicator who would be willing to volunteer your services for a few Friday evenings, please contact me via email or phone here at the College.

**Denise Lombardo — MIC Public Speaking and Debating**
