

How to install the College certificate

1. [Click here to download the Mac certificate installer.](#)
2. Once downloaded, open the **byodupdater.pkg** file

3. This will start the installation of the certificate. Click **Continue**, then **Install**

4. Once the installation has finished click on **Close**.
5. Your computer is now ready to join SPC Wi-Fi.
You will need to enter your College username and password when you get to school.

NOTE: If you receive an error when trying to open the installer, right click the installer and select "Open"
