

ST PATRICK'S COLLEGE

CO-CURRICULAR VISION

Delivering opportunities for excellence and fullness beyond the classroom in a dynamic world.

Talent is a gift from God. What one does with that talent is a gift back to God.

VARIETY

Learning is more than what happens in the classroom. Our wide ranging Co-curricular Program encompasses sport, the performing arts, public speaking, social justice and community involvement and complements the spiritual and academic life of our students.

OPPORTUNITY

Representing St Patrick's affords students both honour and opportunity. When students work in teams and as individuals, they celebrate themselves and the College community at large. It also allows students to "give back" and offers the potential for positive life memories to be made.

MISSION

To enable holistic growth through Co-curricular experiences.

INCLUSIVITY

Participating in, and commitment to, College co-curricular activities promotes personal growth and positive values that relate to our four touchstones, in particular, Inclusive Community.

"To do and love the right..."

ENJOYMENT

Involvement in the Sports and Cultural Programs will enable our students to experience and strengthen their sense of identity, camaraderie, competition, teamwork, good sportsmanship and school pride whilst also providing pathways for those seeking higher representative honours. Boys are encouraged to perform to the best of their ability and will always be reminded that the primary aim is enjoyment and growth.

CONNECTIVITY

The College will continue to encourage students and teachers to work in partnership inside and outside of the classroom to create positive memorable experiences to last a lifetime.

Co-curricular activities currently on offer at the College:
